Course Learning Outcomes

Knowledge:

- Apply knowledge on the FAA Private Pilot Knowledge test.

Application:

- Demonstrate their knowledge as it applies to private pilot operations.

Integration:

- Incorporate problem solving strategies based on course concepts in aviation related situations.

Human Dimension:

- Recognize themselves as pilots and decision makers.

Caring - Civic Learning:

- Develop an increased appreciation of the importance for pilots to possess a solid foundation of aviation knowledge.

Learning How to Learn:

- Recognize the importance of self-learning to continually develop themselves as safe and current pilots.
