

# WPT 160B - WELD. QUALIFICATION PREP-GTAW

---

## Course Description

This course provides experienced welders/students the opportunity to take the AWS welder qualification tests in Gas Tungsten Arc Welding (GTAW). Group 2 course.

## Credit Hours

2

## Contact Hours

3

## Lecture Hours

1

## Lab Hours

2

## Required Prerequisites

WPT121

## General Education Outcomes supported by this course

Quantitative Reasoning

## Course Learning Outcomes

### Knowledge:

- Understand and use terminology common to the welding trade as defined by the American Welding Society (AWS).

### Application:

- Demonstrate the ability to properly prepare code bend test coupons as well as to properly prepare and set up weld performance test coupons.

### Integration:

- Demonstrate the ability to complete bend tests to industry-appropriate quality levels.

### Human Dimension:

- Students will recognize the importance of weld quality on the health, safety, and welfare of the public.

### Caring - Civic Learning:

- Students will be aware of their personal impact on the quality of the projects in which they are involved.

### Learning How to Learn:

- Students will evaluate hypothetical applications and determine efficacy of different processes.
